

## **RESOLUTION: N. Carlin Springs Road Safety Improvements**

**Purpose:** To allow for the safe, orderly flow of pedestrians, motor vehicles, bicyclists and transit.

Noting with appreciation the safety improvements made to N. Carlin Springs Road between N. Glebe Road and N. Edison Street, the members of the Bluemont Civic Association (BCA) and the Arlington Forest Citizens Association (AFCA) call for the implementation of additional traffic calming and pedestrian safety measures and police enforcement of speeding and street crossing laws on N. Carlin Springs Road between N. Edison Street and N. Kensington Street in the Bluemont neighborhood to enhance safety and accessibility for all modes of transportation.

At a minimum, BCA and AFCA request the following:

- 1) Addition of marked ADA compliant crossings, and median island refuges with curb extensions and streetscaping, where possible, at the intersections of:
  - 2nd Street North and N. Jefferson Street
  - N. Greenbrier Street
- 2) Assumption by Arlington County of street lighting management and conversion to dark sky compliant Carlyle style lights; and
- 3) Consideration by Arlington County of lowering the speed limit on N. Carlin Springs Road from 30 mph to 25 mph in accordance with the County's commitment to Vision Zero.

BCA and AFC also request the following next steps:

- That Arlington County work collaboratively with BCA and AFCA to maximize public participation and input into the further consideration, design, implementation, monitoring and evaluation of the previously implemented and newly proposed traffic calming and pedestrian safety measures. This includes taking resident engagement and accountability approaches involving County elected officials and staff, the Arlington County Police department, neighborhood residents, local businesses, neighboring civic associations, and other potentially impacted parties;
- That Arlington County consider implementing improvements in coordination with AFCA and BCA as part of a Vision Zero, repaving, or Neighborhood Conservation project effort; and
- That the County consider using a demonstration project to pilot changes before full implementation of improvements.

Bluemont Civic Association members call for these recommendations to be included in the Bluemont Neighborhood Conservation Plan.
