We have two guest speakers planned for October. First, we will welcome Arlington County Police Department Officer Michael Keen as our new Bluemont Police Liaison. Officer Keen will update the association on the local crime report, trends, and answer questions our community may have.

Second, we will have a representative from Arlington County Government to discuss the 2016 Bond Referenda. Please note that on Nov. 8, 2016, Arlington residents will be asked to approve four local bond referenda, on Metro & Transportation, Local Parks & Recreation, Community Infrastructure and Arlington Public Schools, together totaling \$316 million. Learn more about the bond referenda questions at <https://budget.arlingtonva.us/bond-referenda/>. This will be a good opportunity to hear from County staff on the bonds and ask questions you may have.

26th Annual Bluemont Junction Halloween Parade Monday, Oct. 31 at 4 pm

The Halloween Parade along the Bluemont Junction Trail has become an annual tradition, and is celebrated in style by neighborhood children, dogs and adults. The Parade has grown so much from its humble beginnings in 1991, when two neighbors strolled to the Rocks with their costumed toddlers on Halloween afternoon, that we now need a special events permit! Many thanks to neighbor Bob Mathew, who is sponsoring it this year. So don your costumes and join your neighbors at 4 pm, where the trail meets N. Emerson Street for a parade to the Rocks. Let's hope for good weather—there is no rain date.

Volunteers Needed!

Our team has done outstanding work over the years and BCA is fortunate to have such great talent! However, we are all volunteers and eventually hand the baton to the next group ready to run the next lap. Current openings:

- **Strategic Communications Specialist**

Direct, edit & produce BCA newsletters, postcards, and social media announcements.

- **Web Designer and Developer**

We want to modernize our website's user interface, make the site web-responsive for mobile devices, and migrate our content.

We need a volunteer who can propose and implement user experience enhancements to www.bluemontcivic.org.

If you can help, please contact exec@bluemontcivic.org.

Safeway Site Committee Launched

Bluemont residents interested in the future of our neighborhood grocery store are encouraged to join the Safeway Site Committee as a volunteer. During the Sept. 28, 2016 BCA General Membership meeting, the BCA President was authorized by vote of the General Membership to establish the Safeway Site Committee (the final name of this committee is pending) to continue our consideration of the potential renovation or redevelopment of the property. This committee will follow a resolution adopted last spring which authorized the President to sign and send a letter to Safeway intended to re-establish a dialogue between the Bluemont community and Safeway.

While there are no active proposals for the site, there is continuing interest in developing a new grocery store with new housing. The committee is expected to review existing BCA positions, gather facts, and, if warranted, make recommendations to the BCA membership.

To volunteer or for more info, contact Carla Aly and Rich Gibson at SafewayCommittee@BluemontCivic.org

When Do We Meet?

Generally, the BCA meets on the fourth Wednesday of the month (Executive Board at 7 p.m., the membership at 7:30 p.m.) in Arlington Traditional School's library, but we may move meetings to other dates to avoid holidays and other conflicts. For instance, the next two meetings are on alternative dates:

- In November, the BCA will meet on Wed., Nov. 16.
- In December, we'll meet on Wed., Dec. 14.

Please check the calendar of events for upcoming meeting dates. Meeting date changes/cancellations are posted to the website: www.bluemontcivic.org.

Thank You, Volunteer Carriers!

Special thanks to all the neighbors who volunteered their time to deliver this newsletter to households across Bluemont, free of charge. Twice a year, BCA volunteers hand-distribute the association newsletter neighborhood-wide as part of our outreach efforts.

We have an ongoing need for Newsletter carriers! It's easy & great exercise! If you are interested in helping to distribute the newsletter, please contact David Van Wagner, dpvanwagner@gmail.com.

Redevelopment Projects

Update on 672 Flats (formerly the “Exxon Block” on 670 N. Glebe Rd.)

672 Flats at 670 Glebe Road, formerly the “Exxon Block”

As stated on the Arlington County Website, “The Penrose Group... is developing a six-story residential building containing 178 apartment units, approx. 4,500 square feet of retail, and 178 parking spaces in a two-level below-grade garage.”

Most recently, the site has been secured with a fence, and piles have been driven into the ground. Excavation has begun and you will see the “hole” from the street. The developer plans to complete excavation by the end of 2016 and to commence concrete operations in January 2017. Concrete should finish, and the framing should start by summer 2017. The developer’s planned completion date is June 2018.

750 N. Glebe Rd., formerly the “Mazda Block”

Update on 750 N. Glebe Rd. (formerly the “Mazda Block”)

According to the Arlington County Website, Saul Centers, Inc. has applied to “...rezone the property to RA4.8 and to redevelop the Rosenthal Mazda dealership and adjacent parcels with a 12-story building consisting of 483 dwelling units and 68,185 square feet of retail including a new grocery store and a car rental business.”

All tenants have departed and the property has been fenced. The contractor is in the process of disconnecting utilities to the buildings in preparation for demolition. Prior to obtaining a demolition permit, the contractor is required to have a meeting with the community to provide more details about the construction schedule, staging, truck hauling routes, and the like. The contractor will communicate with the community once it is prepared to set up that meeting.

The contractor is still in the Design Development stage of the building and hopes to move into the Construction Documentation phase by November/December of this year. Once the plans and specifications are complete, Saul Centers, Inc. will be bidding and awarding the job while awaiting the required permits to start construction. Excavation will not likely start until the middle of 2017 if all goes according to schedule.

Learn more about these and other developments on the Arlington County website, <https://projects.arlingtonva.us> search Glebe.

Wilson Boulevard Crosswalk Improvements

In response to neighborhood requests, Arlington's Transportation Department is considering additional near-term safety improvements as well as planning for longer-term improvements on Wilson Boulevard in the Bluemont neighborhood. County staff is exploring options for raised medians and crosswalk improvements at selected locations between N. Frederick St. and N. Lexington St. In addition, the County may commission a study of options for future capital improvements to Wilson Blvd.'s sidewalks and the roadway between Glebe Road and the Fairfax County line. According to County staff, Arlington's Neighborhood Conservation Program could potentially fund both the crosswalk improvements and the study of longer-term investments in Bluemont's "Main Street." For further information or to volunteer to help, contact BCA Sidewalk Safety Task Force co-chairs Chris Healey, cphealey@mac.com, and Ed Fendley, EdFendley@gmail.com.
